

I wish to file an official complaint with the FCC regarding the Sinclair Broadcasting Group's intended airing of an anti-Kerry smear film on its 62 stations. This is electioneering, plain and simple, and they should not be allowed to do this. It is grossly unfair, at such a crucial time in such an important election, that SBG be allowed to show this film, which is masquerading as a documentary, but is actually a 2-hour long campaign smear commercial. Please use the power that you have to stop this film from airing.
